Ayniqsa, XIX va XX asr qirollik oilasi dastrxoniga tayyorlanadigan taomlar ham an'anaiy-milliy, ham boshqa millatlar (fransuz, ispan) oshxonasi urflari bilan shakllantirilgan. The royal family's cookbook was very notable during the reign of Queen Victoria. This period, i.e. the first half of the 19th century, is of great importance in the development of discourse. Because the doors were opened not only to English traditional dishes, but also to French and Spanish gastronomy and cuisine, and their recipes were warmly welcomed.

KIRISH

Tilshunoslikni rivojlantirish maqsadida tadqiqotchi olimlar oldiga qator vazifalar qo'yilmoqda. «Ilmiy tadqiqot va innovatsion faoliyatni rag'batlantirish, ilmiy va innovatsion yutuqlarni amaliyatga joriy etishning samarali mexanizmlarini yaratish, oliy o'quv yurtlari va ilmiy tadqiqot institutlari huzurida ixtisoslashtirilgan ilmiy-eksperimental laboratoriyalari, yuqori texnologiya markazlari va texnoparklarni tashkil etish juda zarur”⁴¹. Ayniqsa, xorijiy tillarni nazariy va amaliy egallash, xalqlararo munosabatlarni mustahkamlash, ingliz

ADABIYOTLAR TAHLILI VA METODLAR

Tilshunoslik nazariyasida, diskursnng rvojlanish tarixi va ijtimoiylashuvi xususida muhim xulosalar chiqarilgan (Oxford University Language Centre, Buyuk Britaniya; Harvard University, USA); nutqiy tuzilmalar axborot-diskursiv mazmuni shakllanishi, diskursdagi vazifalari ochib berilgan.

Tilshunoslikning ,muhim munozarali vazifalaridan biri tilning ma'lum bir sohalarida uchraydigan maxsus diskurslarning lisoniy, ijtimoiy, madaniy, antropologik, semiotik, madaniy xususiyatlarini o'rganishdan iborat. Shuningdek, adabiyotsohasida hamda ijtimoiy-maishiy sohalarda uchraydigan turli diskursning qo'llanish doirasini tadqiq qilish keng o'rganilayotgan muammolardandir. Gastronomik diskurs ma'lum xalq madaniyati, adabiyoti, yashash tarzi va ijtimoiy hayotida muhim ahamiyatga ega sohadir.

NATIJALAR

Gastronomik diskurs shaxsga va unga bog'liq bo'lgan hamda ijtimoiy sohalarga yo'naltirilgan va lingvistik-semiotik makon, milliy madaniyatning o'ziga xos belgilari va etnik guruhning o'zini o'zi identifikatsiyasi, ijtimoiy va gender xususiyatlari,

shuningdek iste'molchiga ta'sir qiluvchi boshqa omillar kabi parametrlarga muvofiq tashkil etilgan muloqot tizimidir. Bu turdag'i diskursning konstitutsiyaviy xususiyatlari o'ziga xos kommunikativ muhitni; motivlar, maqsadlar, strategiyalar, aloqani joylashtirishning maxsus mexanizmini; kanal, rejim, kalit, aloqa uslubi va janrlarini; og'zaki bo'limgan qo'shimchalar bilan maxsus matnlarni o'z ichiga oladi. Shu bilan bir qatorda gastronomik diskursda millatlararo sodir bo'ladigan va farqlanadigan taomlanish madaniyati muhim ahamiyat kasb etadi.

Asrlar davomida turli xalqlar madaniyatida ushbu gastronomik diskurs har xil turdag'i ta'sir qiluvchi omillar (iqlim, din, turg'unlashgan an'analar, qoidalar va iqtisodiy omillar) bilan takomillashib borgan. Insonning oziq-ovqatiga bir nigoh tashlashning o'ziyoq u nimani tanavvul qilishi, qaysi dingga taaluqligi, qanday hayot tarzi olib borishligi haqida aniq tasavvur xosil qilishga imkoniyat beradi.

Xalqlarning gastronomik diskursining shakllanishiga din ham o'z o'rnida yetarlicha ta'sir ko'rsatgan, chunki din u yoki bu oziq-ovqat mahsulotlariga cheklovlar qo'ygan, yoki aksincha ba'zi mahsulotlarni iste'moliga da'vat qilgan. Bu esa o'z navbatida millatning gastronomik leksikasining shakllanishiga katta ta'sir o'tkazgan. Misol tariqasida, musulmonlarning cho'chqa go'shtini iste'mol qilmasligi, yoki buddistlarning mol go'shtini yemasliklari, rus xalqining Масленица bayramida esa quymoqni (блины) yeishiga da'vat qilishi kabi odatlarni shakllantirgan.⁴²

Ayni shu qatorda FB(frazeologik birlilik)lar tarkibida uchraydigan gastronomik komponentlar o'rtasida ham o'xshashlik, ham farqli tomonlarini kuzatishimiz mumkin. Xususan, o'zbek tili frazeologiyasida quyidagi gastronomik nomlar bilan uchraydigan birliklarni kuzatamiz: "sut", "osh", "do'lana", "qozon", "non", "o'tin", "qazi", "qarta", "quyruq", "o'pka", "shirmoy kulcha", "mag'iz", "jo'ja", "bol", "tovuq", "yemak", "xamir", "patir", "yog", "yong'oq", "mosh" va x.k.

Ingliz tili frazeologiyasida quyidagi gastronomik nomlar bilan uchraydigan birliklarni kuzatamiz: "loaf", "toast", "bun", "cake", "dough", "cookie", "biscuit", "omelet", "mustard", "sauce", "sweet", "candy", "jam", "pudding", "banana", "peach", "cherry", "strawberry", "grape", "carrot", "lettuce", "beet", "bacon", "goose", "mincemeat", "sardines", "ale", "beer", "juice".

Ingliz tili Cambridge lug'atida gastronomiyaning «yaxshi ovqat iste'mol qilish va tayyorlashni o'z ichiga oladigan san'at va bilim» ma'nosi mavjud (the art and knowledge involved in preparing and eating good food). Educlingo lug'at manbasida esa zamonaviyoshxonasiga alohida e'tibor bergan holatda, oziq-ovqatva madaniyatni o'rganish deya ta'riflanadi. Gastronomiyani yaxshi biladigan inson gastronom deyiladi va gastronom esa gastronomiyani o'rganishda nazariya va amaliyotni birlashtirgan isnon hisoblanadi.⁴³

XULOSA

Tilshunoslikda, insoniyatga xos bo'lgan tafakkuri va mentaliteti, iqlimi va madaniyatidan kelib chiqib, turli millatga xos bo'lgan glyuttonik diskurs bir-biridan farq qiladi. Modomiki, ma'lum bir millatga xos diskurs tahlil qilinar ekan, bu tasvirning to'liq shakllanishida glyuttonik diskursning o'z o'rni bor. Xususan, ma'lum bir millatning gastronomik olam nazariyasiga oid tasavvurlarni o'rganish, o'sha millatga mos diskurslarni teranroq tushunishga xizmat qiladi. Ikki til va madaniyatlar to'qnashuvida glyuttonik diskursni anglash, bir qator lisoniy va nolisoniy omillardan xabardorlikni taqazo etadi. Ikki xil madaniyat kishilarining olam haqidagi tasavvurlari tilda turlicha ifodalanganidek, taom va u bilan bog'liq jarayonlarning inson ongidagi sintezi turlicha bo'ladi.
